## 1 Smugglers in Dolní Morava

Welcome to a game that combines retro with modern technology. The game is perfectly tailored to the mountainous environment of Dolní Morava. You can look forward to a combination of adrenaline, physical challenges, logical tasks and many other activities connected by an innovative and entertaining mobile app.

- › Teams equipped with a backpack with the necessary equipment at the start of the game embark on a journey and complete tasks to receive points using an application in their phone.
- › The team encounters various tasks during the game - physical challenges, riddles, puzzles, ciphers, observation and attention tasks and more.
- › The mobile app tracks the current location of teams, assigns tricky tasks, and allows teams to communicate with each other in the field.
- › This modern team game brings classic team building to life with its simplicity, visual appeal and fun.

## 2 Mystery of the lost Jewish treasure

An outdoor team game based on the use of a geolocation mobile app with interactive and multimedia features built in a mystical world of sefirot, part of the Jewish Kabbalah. The aim of the game is to discover a treasure that was hidden in Dolní Morava by a local merchant before World War II.

- › Teams will get a backpack with a variety of equipment to help them complete their tasks on their journey.
- › Teams will receive a map showing the locations where they need to perform tasks - ciphers, logic riddles, secret script, distance estimates, skill tasks, performance, dexterity and augmented reality tasks.
- › The goal is to get a numeric code for a cryptex encryption device that holds a map of the Jewish treasure.

#### 4 Bushcraft in Dolní Morava

Adventure and outdoor life is a rediscovered phenomenon. During this team building you will learn to survive with limited resources and take care of yourself or others in the team in any situation in the beautiful mountain environment of Králický Sněžník. You will learn from the best, because the program was developed in collaboration with survival experts, preppers and adventurers.

- › Selected programs and demonstrations will teach participants basic and advanced techniques of self-rescue and improvisation in the open terrain.
- › Participants can look forward to building a shelter, lighting a fire, finding food and water, the ability to navigate the terrain, obstacle crossing and other activities.
- › An important element of the program is team cooperation, support and leadership towards the philosophy of “I know, therefore I act”.

Year - round

5 – 200 people

2 - 5 hours

#### 5 Stone Age with a mammoth

Step into the shoes of our ancestors and learn some of the skills that have allowed them to survive in the harsh nature. Learn about the primitive times, including ideas that have moved old civilizations forward. The Stone Age is full of skills, inventions and teamwork that can still be applied today.

- › To create the right atmosphere, teams will make their own clothes and Stone Age equipment.
- › The teams will face interesting tasks such as moving a stone, catching a mammoth, tracking, building a fire, building a shelter, flint throwing and other activities.
- › Prehistoric entertainment and sports from the forgotten times are also part of the program.

## 6 From the mountains of Dolní Morava to the Morava River

Experience an unusual trip on rafts, canoes or kayaks along the upper reaches of the beautiful Morava River springing from the top of Králický Sněžník. Strengthen the team spirit and improve teamwork, communication and trust among colleagues, which are essential in rafting.

- › We'll teach you how to safely control the boat, and then you will set off for a remarkable new experience with our experienced instructors. A team of professional paddlers will take care of you on land and on the water.
- › You can choose one-day or multi-day trips with all the necessary equipment. We provide entertainment on the water as well as on the shore where you will stay overnight.
- › The difficulty of the route will be adapted to the participants' skills.

## 8 Cardiac arrest

Every company is like an organism where individual departments are more or less important, but they are indispensable organs for the smooth functioning of the whole organism. Information connects them like blood circulation. In a living organism, a clot at one end can clog an artery elsewhere, and in a company a non-functioning information flow in one department can clog the river bed across the company.

- › A medical scene with a moment of surprise and abseiling of a team representative from the Sky Walk, Adrenalin Tower or the roof of the Wellness Hotel Vista.
- › The teams are divided into groups representing individual organs and performing assigned tasks at each station.
- › Tasks can be sporty, creative, logical or adrenaline-based.
